#### About me

This is Lorena from Spain! Although I've done almost everything in my life (cashier, waitress, even a clown!), my academic background is in *Communication*, mainly focused on teaching. I consider myself a sociable person interested in other cultures, who loves sharing experiences, practicing languages or traveling and I think Florida is a wonderful place to do that due to its cultural diversity.

In Summer the schools close and I have plenty of free time so my goal is working during at least this season to make some extra money. Let's talk! ©
